Internship Opportunity

MLSB

Machine Learning and Systems Biology Research Lab

WHO WE ARE ?

MLSB Lab is a research lab under the Department of Computer Science and Engineering, Ghani Khan Choudhury Institute of Engineering and Technology, Malda, West Bengal. In this lab, we conduct research to use Machine Learning, Digital image processing, and Systems biology to address different potential problems in the domain of Medical Image Analysis, health & care, Computational Biology, Document image analysis, and IKS. In this lab we also conduct internship programs to indulge young minds in various research problems.

WHY CHOOSE US

- ✔ Opportunity to work in cutting edge technologies
- ✔ Hands on experience
- ✔ Certificate Program

Internship Opportunity

Interns will get the oppotunity to work in various ongoing projects in the domain of Medical image analysis using AI/ML/DL, Computational Biology, Bioinformatics , IoT etc.

WHO CAN APPLY ?
Btech / BE / Mtech / ME, BSc / MSc, Diploma in Computer science or allied subjects, and Bioinformatics, MCA

REGISTRATION FEE
Rs. 1,000/- (Non Refundable)
